Press Release

Black/White & Associates Announces Sale of Nevada Operation

Henderson, Nevada - July 15, 2008 -

Black/White Group is pleased to announce the sale of its Henderson, Nevada operation to PointSure Insurance Services, Inc. effective July 11, 2008. The Black/White & Associates' Henderson Office will become a PointSure underwriting and marketing office, and will continue servicing existing and new accounts West of the Mississippi. The Louisville Kentucky Office of Black/White Group is not included in this transaction and will continue to operate as a regional MGA servicing accounts East of the Mississippi, offering E&S as well as professional lines.

According to Euclid G. H. Black, founding partner, chairman, and CEO of Black/White & Associates of Nevada, "We are excited about joining hands with PointSure and the additional capabilities this partnership will provide. It will be business as usual for our agents and customers. Operational staff will be unaffected other than a broader range of capabilities that PointSure brings to our talented team.

The acquisition of this \$15,000,000 book of business and the addition of a talented group of people and agents are part of PointSure's strategy to expand its wholesale business segment nationwide. PointSure will retain Black/White's agency network for renewal and new business, and will extend Black/White offerings to PointSure agents.

At the Henderson location, Euclid Black will continue to provide advisory services. The underwriting staff remains unchanged and they will continue to service new and renewal accounts.

"We are delighted that the talented Henderson team will join PointSure Insurance Services," said Craig Pankow, President of PointSure Insurance Services. "The team brings PointSure an extensive understanding of the wholesale industry. We look forward to working with them, as well as with their agents and customers."

About Black/White & Associates

Black/White & Associates was formed in 1979 as an excess and surplus lines wholesale brokerage and underwriting operation, transacting business through retail insurance agents. Today, Black/White continues its operations as a Managing General Agent (MGA) representing numerous specialty markets.
